40-HOUR HAZWOPER ~ \$675.00 per person

This 4 day course will provide initial instruction as described in OSHA 29 CFR 1910.120 Hazardous Waste Operations and Emergency Response. The course is designed for persons entering the field of Hazardous Waste Operations.

8-HOUR HAZWOPER REFRESHER ~ \$200.00 per person

This course meets OSHA's annual 8-Hour refresher requirements. It can be geared for the worker, supervisor or upper level requirements. **PREREQUISITES:** Students must have completed the initial 24 or 40-Hour HAZWOPER training and have maintained certification through annual refresher training. If certification has not been kept current under OSHA guidelines (each successive year after completing the initial HAZWOPER), the 24 or 40-Hour HAZWOPER should be re-taken to maintain certification.

DOT Hazmat Employee & Commercial Driver Training ~ \$175.00 per person

This class is for individuals who are responsible for transporting DOT hazardous materials. Material covered includes DOT regulations, including, tables, manifests, placards, emergencies and other important information.

All classes can be scheduled for customer sites or held at one of our service centers if needed. ACV provides the instructor, course materials and certificates upon satisfactory completion of course exams.

- Classes are for a minimum of 5 students, maximum of 15 people per class.
- Classes held at customer locations will include travel expenses as applicable.

Should you require information on these courses, have any questions regarding scheduling, course registration, training outlines, or fees, please contact your Account Executive at (908) 355-5800.

If you would like to attend one of our open enrollment classes please call 856-863-8778

Other training classes may be available depending on customer requirements
